Education

Mercer University, BS Software Application Development & HCI Jan 2022 – Dec 2023

Southern Crescent Technical College, AS Computer Programming May 2018 – May 2021

Projects

Budget Buddy | Mobile App Developer

[View](#) | [GitHub](#)

- Create a cross-platform mobile app to cater to both iOS and Android users
- Develop an app using Flutter, Dart, and Firebase aiming for high-performance results
- Spearheaded the entire development process, overseeing the coding and implementation of features, ensuring compatibility across platforms, and addressing any technical challenges along the way.

Instant Messaging Chat App | Full-Stack Developer

[View](#) | [GitHub](#)

- Create an instant messaging chat app with a focus on real-time, seamless communication
- Implemented user authentication via logging in with a Google account
- Utilized React for the front end and Firebase for real-time database functionality

URL Shortener | Chrome Extension Developer

[GitHub](#)

- Developed a URL shortener Chrome Extension, leveraging the Chrome API
- Utilized HTML, CSS, SPECTRE.CSS, and JavaScript to design and implement the Extension
- Ensured a smooth user experience, making URL shortening convenient and intuitive for users.

Snake | Game Developer

[View](#) | [GitHub](#)

- Developed a Snake Game using web technologies—HTML, CSS, and JavaScript
- Incorporated responsive design and intuitive controls

Experience

Strem HQ Tech Academy | Robotics / Coding Instructor

Sep 2023 - Current

- Provide comprehensive instruction on coding and robotics fundamentals
- Deliver engaging and comprehensive lessons that ignite students' passion for technology
- Led lessons incorporating hands-on activities and interactive learning methods

Chick-fil-A | Back Of House**May 2022 – Sept 2023**

- Played a crucial role in the kitchen operations.
- Executed precise and speedy food preparation, contributing to the overall efficiency of the team.
